

School Accountability Report Card

Issued Spring 2013 for Academic Year 2011-12

What Is a School Accountability Report Card?

Since November 1988, state law has required all public schools to prepare and distribute annually a School Accountability Report Card (SARC).

The purpose of the report card is to provide parents and the community with important information about the performance and condition of each California public school. The SARC can also be an effective way for a school to report the progress it has made toward achieving its goals. In addition, the public may use the SARC to evaluate and compare schools throughout the state on a variety of indicators.

More information about the requirements for the SARC is available on the state's SARC website:

www.cde.ca.gov/ta/ac/sa/

Additional copies of this SARC may be obtained from the school office or from the district's SARC website:

www.sandi.net/page/1598

Mira Mesa High School

Scott Giusti, Principal

School Description and Mission Statement

Mira Mesa High School (MMHS) is a comprehensive high school located in Mira Mesa. Our more than 2,600 students—our finest asset—include a diverse blend of ethnicities, cultures, languages, socioeconomic backgrounds, and learning styles. Academic and elective courses prepare students for postsecondary education and for work. Diploma courses in all departments are assessment-driven, standards-based, academically rigorous, and fulfill University of California's subject-area admission criteria (the UC a-g requirements). The faculty endeavors to assist and support students to meet these high expectations. MMHS offers advanced, honors, and 22 Advanced Placement (AP) courses that span core subjects and electives. Students have access to selected Regional Occupational Program and college classes offered on campus and enjoy a wide variety of visual and performing arts classes and a full compliment of competitive athletic teams. In addition, students can choose to join one or more of over 100 clubs that meet regularly on campus. In spring 2010 MMHS was awarded a "six-year with one day" review accreditation by the Western Association of Schools and Colleges (WASC).

MMHS opened in 1976. Today the campus includes three classroom buildings, a gymnasium with wrestling and dance rooms, a weight training building, and 40 bungalows. The campus, almost one square mile, includes grass playing fields, a stadium with new turf field ringed by an advanced rubberized track, and field areas. Surrounding lawns and trees set the campus within an urban park.

The mission of Mira Mesa High School is to engage students in learning experiences that prepare them for college, a career, and for life as responsible and productive members of the community. The faculty and staff at Mira Mesa High School encourage students to excel in all areas.

Opportunities for Parent Involvement

We are committed to communicating with and engaging parents as partners in their children's education. The district's Parent Outreach and Engagement Department serves as a national model in providing opportunities and effective methods for parents, guardians, and family members to participate in the educational process. We are also committed to obtaining community resources for our school and invite all members of our community to assist us in the education of our students. Parents have many opportunities to be involved at their children's school site and at the district level. We encourage parents to support their children by making their expectations about school clear and creating a positive homework and learning environment.

Both staff and community members have numerous opportunities to become involved at many levels at MMHS. Parents, along with the faculty and administration, can participate in the MMHS Foundation, School-Based Coordinated Program, Parent Teacher Student Association, Business Partnership Council, and Site Governance Team. Parents are essential members of various focus groups that provide parents' points of view on matters related to the WASC visit in 2010—with a review visit to come in spring 2013—community-based reform, and specific grant applications. Parents, community members, and the faculty attend and represent the interests of MMHS at the Mira Mesa Cluster Schools Council. In addition, parents can support MMHS by serving on parent booster clubs for academic, athletic, and extracurricular programs; community-oriented service clubs on campus, including Key Club and Ecology Club; and the Gifted and Talented Education (GATE) program committee and the English Learner Advisory Committee, where they are essential members.

If you want to get involved, please contact Sara Leonard, vice principal, at (858) 566-2262, ext. 2204, or sleonard@sandi.net.

Data and Access

Most of the data in this SARC are from the 2011–12 school year or the two preceding years (2009–10 and 2010–11). Graduation, dropout, and fiscal data are from 2010–11. When no year is specified, data are from the most recent year available.

Data included in this SARC are consistent with State Board of Education guidelines, available at the California Department of Education website: www.cde.ca.gov/ta/ac/sa/.

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California’s public K–12 school districts and schools.

DataQuest

DataQuest is an on-line data tool (dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district, the county, and the state. *DataQuest* is a dynamic system that provides reports for accountability, test results, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About This School

Student Enrollment by Grade Level

Grade Level	Enrollment on October 5, 2011
9	748
10	701
11	585
12	580
TOTAL	2,614

Student Enrollment by Group (2011–12)

Student Group	Number of Students	Percentage of Enrollment
African American	177	6.8
Asian	126	4.8
Filipino	714	27.3
Hispanic	546	20.9
Indochinese	387	14.8
Native American	9	0.3
Pacific Islander	35	1.3
White (Not Hispanic)	449	17.2
Two or More Races	171	6.5
Socioeconomically Disadvantaged	1,225	46.9
English Learners	195	7.5
Students with Disabilities	234	9.0

Average Class Size and Class Size Distribution (Secondary)

This table displays the average class size for each subject area and the number of classrooms that fall into each class size category.

Subject	2009–10				2010–11				2011–12			
	Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms		
		1–22	23–32	33+		1–22	23–32	33+		1–22	23–32	33+

School Climate

School Safety Plan (2011–12)

Last Review/Update: November 2012

Last Discussed with Staff: September 2012

Each school has a Crisis Response Box that includes its state-mandated comprehensive school safety plan. This plan meets the state requirements described in California Education Code Sections 35294–35297. The safety plan includes disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual harassment policy, child abuse reporting procedures, school dress codes, and school discipline policies.

Adult supervision is provided in the classrooms and outside areas before and after school, during recess and lunch, and during passing time between classes. Under the direction of the principal or site administrator, school staff members implement specific school-building security procedures. In addition, district offices support schools by reviewing and disseminating safety requirements and information, coordinating safety-related services, and providing safety training and assistance.

Mira Mesa High School administrators consider a safe learning environment for students and staff members a top priority. Administrators, in concert with students, parents, teachers, and counselors, implement a strong code of discipline based on respect, which promotes a positive climate for learning. This code is communicated to parents and students and is consistently enforced by teachers, counselors, and administrators. The MMHS Student-Parent handbook, available on-line at the school website, describes behavioral expectations for all students. In addition, respectful behavior is reinforced through grade-level assemblies in September. To keep students focused on learning, MMHS has implemented discipline support measures: common clipboard pass, after-school detention, in-school suspension, and a half-day Saturday school format, which ensure that students are held accountable for their attendance and behavior. Saturday School includes occasional opportunities to receive tutoring in the core areas. Counselors offer workshops and group sessions on stress reduction, dealing with grief, anger management, and personal reflection on addictive behaviors. The school has a full-time school police officer on site and several campus security assistants. Campus activities, both curricular and extracurricular, are supervised by administrators, faculty members, and/or campus security. Tardy and truancy policies are enforced. Tutoring is provided daily before school, at lunch, and after school.

Suspensions and Expulsions

The following table shows the numbers and rates of suspensions and expulsions. Rates per 100 students are the total number of incidents divided by the school's enrollment for the given year, multiplied by 100. The district comparison rates are the expected rates for the school's enrollment and grade-level composition, based on actual districtwide rates. Because suspension and expulsion rates vary greatly by grade level, and since any given two schools are not likely to have identical enrollment numbers per grade, schools will have different district comparison rates.

Type of Action		2009–10		2010–11		2011–12	
		School	District	School	District	School	District
Suspensions	Number	160	13,199	190	12,693	161	10,362
	Rate per 100 students	6.07	11.09	7.26	10.81	6.16	9.58
Expulsions	Number	6	260	5	210	0	205
	Rate per 100 students	0.23	0.28	0.19	0.25	0.00	0.22

School Facilities

School Facility Conditions and Improvements (2012–13)

Our community and students take great pride in keeping the campus clean and maintaining a school environment that pleases the eye and supports learning. The Mira Mesa High School site covers 55 acres and consists of eight permanent buildings, six of which were constructed in 1976, an additional classroom building added in 2001, and a weight room in build 2005. In 2004, one of the original buildings was completely remodeled to better support science instruction. In 2006, the remodel of the former weight room into a cheer-and-dance room was completed. Also completed in 2006 was conversion of a large storage area in the 400 building into a space for advanced weight training. Starting in 2009 classrooms were outfitted with Promethean boards with i21 Initiative technology. Each room is equipped with a cart of student netbooks or iPads. This technology upgrade should be complete by spring 2014. In 2012–13 class and lab spaces for graphic arts, culinary arts, video production, theater, and event planning are being extensively remodeled and updated with the very latest equipment and technology. There are 43 bungalow classrooms. Upgrades to our internet, phone, surveillance cameras, and intercom systems continue in all buildings and bungalows. Many areas of campus are newly painted with student-designed murals, including one sponsored by the class of 2010 covering the outside north wall of the gymnasium.

School Facility Good-Repair Status (2012–13)

This table displays the results of the most recently completed school-site inspection to determine the facility’s good-repair status.

Inspection Date:

Item Inspected	Repair Status*				Repair Needed and Action Taken or Planned
	E	G	F	P	
Systems: Gas, mechanical, sewer					Facilities inspections are ongoing throughout the school year. This table will be updated when inspection results become available.
Interior: Interior surfaces					
Cleanliness: Overall, pest/vermin					
Electrical: Interior/exterior					
Restrooms/fountains					
Safety: Fire safety/hazardous materials					
Structural: Damage, roofs					
External: Playground, gates, fences					
Overall Rating					

* Repair Status: E = exemplary, G = good, F = fair, P = poor

Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school who are fully credentialed, who are working without a full credential, and who are credentialed but teaching outside of their subject area of competence. District totals do not include charter schools. Detailed information about teachers’ qualifications can be found on the CDE *DataQuest* website at dq.cde.ca.gov/dataquest/.

Number of Teachers	School			District
	2009–10	2010–11	2011–12	2011–12
Full credential and teaching in subject area	99	119		
Full credential but teaching outside subject area	13	1		
Without full credential	1	0		
Total	113	120		

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (long-term vacancies for which there was no teacher assigned by the twentieth school day of each semester). Total teacher misassignments includes the number of misassignments of teachers of English learners. For 2012–13, the most current data are reported.

Indicator	2010–11		2011–12		2012–13	
	Smstr 1	Smstr 2	Smstr 1	Smstr 2	Smstr 1	Smstr 2
Misassignments of Teachers of English Learners	0	0	0	0	0	N/A
Total Teacher Misassignments	0	0	0	0	0	N/A
Vacant Teacher Positions	0	0	0	0	0	N/A

Core Academic Courses Taught by Teachers in Compliance with the No Child Left Behind Act (2011–12)

The No Child Left Behind (NCLB) Act requires all teachers of core academic subjects to be “highly qualified.” In general, NCLB requires that each teacher must have: (1) a bachelor’s degree, (2) a state credential (or an Intern Certificate/Credential for no more than three years), and (3) demonstrated subject-matter competence for each core subject he or she will teach.

This table displays the percentage of classes in core academic subjects taught by teachers who are compliant with NCLB at this school, at all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. (High-poverty schools are defined as those with student eligibility rates of approximately 40 percent or higher in the free and reduced-price meals program. Low-poverty schools are defined as those with student eligibility rates of 25 percent or lower in the program.) More information on teacher qualifications required under NCLB can be found at the CDE website at www.cde.ca.gov/nclb/sr/tq/.

Location of Classes	Percentage of Classes in Core Academic Subjects	
	Taught by NCLB-Compliant Teachers	Taught by Non-NCLB-Compliant Teachers
This School		
All Schools in District		
High-Poverty Schools in District		
Low-Poverty Schools in District		

Support Staff

Academic Counselors and Other Support Staff Members (2011–12)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff members who are assigned to the school. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. The table also displays the average number of students for each academic counselor.

Position	Number of FTE Assigned to the School	Average Number of Students per Academic Counselor
Academic Counselor	7.8	335.13
Counselor (Social/Behavioral or Career Development)	0.0	
Library Media Teacher (Librarian)	0.0	
Library Media Services Staff (Paraprofessional)	1.0	
Psychologist	1.2	
Social Worker	0.0	
Nurse	0.2	
Speech/Language/Hearing Specialist	1.0	
Resource Specialist (Non-Teaching)	13.0	
Deaf/Hard of Hearing	0.2	
Other	0.0	

Curriculum and Instructional Materials

Quality, Currency, and Availability of Textbooks and Instructional Materials (2012–13)

The district adopts textbooks and instructional materials based on the implementation cycle established by the state. It provides a sufficient number of standards-aligned textbooks and other instructional materials for all students in the subject areas of English language arts, health, history–social science, mathematics, science, and world languages. Science laboratory equipment is available to students enrolled in laboratory science courses in grades 9–12. The following table displays information about the availability of the standards-aligned textbooks and other instructional materials used at the school. These data were collected on October 29, 2012.

Core Curriculum Area	Percentage of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials	Are These Textbooks and Instructional Materials from the Most Recent Adoption?
English Language Arts	0	Yes
Health	0	Yes
History–Social Science	0	Yes
Mathematics	0	Yes
Science	0	Yes
Science Laboratory Equipment (grades 9–12)	0	Yes
Visual and Performing Arts	0	Yes
World Language	0	Yes

List of Textbooks and Instructional Materials Used in Core Subject Areas (2012–13)

All textbooks and instructional materials come from state or district lists. A list of all textbooks and instructional materials used in the school in the core subjects (English language arts, mathematics, science, and history-social science), may be found at the end of this document in the appendix entitled Adopted Texts and Instructional Materials. Descriptions of the district's courses, including instructional materials, may be found in the *Course of Study, K–12*, revised annually and available on-line at www.sandi.net/page/1605.

Instructional Planning and Scheduling

Professional Development

The Instructional Support Services Department collaborates with other departments to provide teachers and administrators with ongoing professional development to improve teaching and learning in the areas of literacy, mathematics, science, history–social studies, visual and performing arts, physical education, health, educational technology, and gifted and talented education. Sessions offered at various times throughout the year focus on a wide variety of professional development aimed at strengthening pedagogy and content knowledge to meet the needs of all learners, with an emphasis on targeting the needs of our English language learners, Special Education students, and other struggling learners.

In addition to district-provided professional development, principals identify a schoolwide focus each year for professional development and also determine areas of individual need. Throughout the year, they conduct large- and small-group staff conferences and coach teachers at the school site to improve instructional practice. Staff release for professional development is organized in a variety of ways on a site-by-site basis throughout the year.

Departments meet to plan and implement professional development around specific instructional goals. Meetings for the whole staff are held throughout the year to advance the implementation of schoolwide WASC and SMART goals. English and Mathematics departments are beginning to explore ways to implement the Common Core state standards. Minimum days are scheduled throughout the year for professional development.

School Finances

Expenditures per Pupil and School-Site Teacher Salaries (Fiscal Year 2010–11)

This table displays this school’s expenditures per student from basic (unrestricted) sources, from any supplemental (restricted) sources, and its total per-pupil expenditures. The table also provides a comparison of the school’s per-pupil expenditures from basic sources with other schools in the district and throughout the state. Finally, it compares the average teacher salary at the school with average teacher salaries in the district and the state.

Basic or unrestricted sources are funds that, except for general guidelines, are not controlled by law or by a donor. *Supplemental or restricted sources* are funds whose use is controlled by law or by a donor. Money that is designated for specific purposes by the Board of Education is not considered restricted.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education and Per-pupil Spending webpage: www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries and Benefits webpage: www.cde.ca.gov/ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data website at: www.ed-data.org.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$5,537	\$1,365	\$4,172	\$61,204
District			\$5,026	\$64,014
Difference: School Site and District (%)			-17.0	-4.4
State			\$5,455	\$68,835
Difference: School Site and State (%)			-23.5	-11.1

Types of Services Funded (Fiscal Year 2011–12)

The district’s general fund includes monies for:

- General operations—salaries, benefits, services, materials, and support to the general education
- Special Education—programs offering appropriate, individualized instruction to students with special needs
- Special projects—monies from agencies (federal or state) earmarked for specific programs/projects or services
- Transportation
- Maintenance and operations
- District administration

Each school in the district receives an instructional budget based on enrollment, programs, and formulas set by Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding sources.

MMHS’s parent academic liaison and the Counseling Department sponsor parent workshops throughout the year. These workshops address a wide array of topics of interest and concern to parents. Recent workshops addressed social media, college scholarships, diploma requirements, and bullying.

Tutoring sessions in all four core subjects and world language are available with teachers who volunteer their time before school, at lunch, and after school.

Teacher and Administrative Salaries (Fiscal Year 2010–11)

This table displays district-level salary information for teachers, principals, and the superintendent, and compares these figures to the state averages for districts of the same type and size. The table also displays teachers and administrative salaries as a percentage of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found at the CDE website at www.cde.ca.gov/ds/fd/cs/.

Position	District Amount	Statewide Average for Districts in Same Category
Beginning Teacher Salary	\$38,347	\$41,455
Mid-Range Teacher Salary	\$58,269	\$66,043
Highest Teacher Salary	\$78,416	\$85,397
Average Principal Salary (Elementary School Level)	\$105,878	\$106,714
Average Principal Salary (Middle School Level)	\$109,361	\$111,101
Average Principal Salary (High School Level)	\$115,766	\$121,754
Superintendent Salary	\$245,192	\$223,357
Percentage of Budget for Teachers' Salaries	39%	39%
Percentage of Budget for Administrative Salaries	5%	5%

Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CST), the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA).

The CSTs show how well students are doing in relation to the state's content standards. The CSTs include English–language arts (ELA) and mathematics in grades 2–11; science in grades 5, 8, and 9–11; and history–social science in grades 8 and 9–11.

The CMA is an alternate assessment based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards, with or without accommodations. The CMA includes ELA for grades 3–11; mathematics for grades 3–7, algebra I, and geometry; and science for grades 5, 8, and life science in grade 10.

The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CAPA includes ELA and mathematics in grades 2–11 and science in grades 5, 8, and 10.

General information about the STAR Program and detailed information regarding the STAR Program results for each grade and performance level, including the percentage of students not tested, may be found on the CDE's STAR results website: star.cde.ca.gov.

STAR Program Results

STAR scores are ranked according to five "performance levels": Advanced (exceeds state standards), Proficient (meets state standards), Basic (approaching state standards), Below Basic (below state standards), and Far Below Basic (well below state standards). Students scoring at the Proficient and Advanced levels have met state standards in that content area.

The following tables show, by subject area, the percentage of students in each grade who achieved the Proficient or Advanced levels (meeting or exceeding state standards) at the school, district, and state levels for the last three years. Statewide data are rounded to the nearest percentage point.

STAR: English–Language Arts

Grade Level	School			District			State		
	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12

	2009-10	2010-11	2011-12	2009-10	2010-11	2011-12	2009-10	2010-11	2011-12
9	*	*	*	54.6	51.5	58.1	45	48	50
10	44.4	66.0	73.3	38.7	42.6	46.2	44	45	46
11	63.2	65.3	65.6	44.6	47.1	47.2	44	46	47

The following table shows the percentage of all students, at this school and in the district, who achieved the Proficient or Advanced levels (meeting or exceeding state standards) for the most recent STAR testing period (2011-12).

2011-12 STAR: All Students

Student Group	Percentage of Students Scoring at Proficient or Advanced Levels*				
	English-Language Arts	Mathematics	Grade-Level Science	End-of-Course Science	History-Social Science
All at this school	68.2	42.3	75.9	65.5	69.4
All in the district	60.4	50.9	42.4	63.9	50.2

The following tables show the percentage of students in various state-defined student groups who achieved the Proficient or Advanced levels (meeting or exceeding state standards) for the most recent STAR testing period (2011-12).

Note: No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students' privacy. Such cases are indicated by an asterisk (*). Data on students receiving migrant education services are not available.

2011-12 STAR Student Groups: English-Language Arts

Grade Level	Sex		English Learner?		Economically Disadvantaged?		Students with Disabilities?	
	Male	Female	Yes	No	Yes	No	Yes	No
9	75.1	74.4	13.5	80.3	66.0	82.5	57.7	75.5
10	62.8	73.4	11.1	72.0	58.4	76.2	19.2	69.8
11	61.2	61.4	3.6	64.4	48.3	72.8	26.3	62.5

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in English–language arts and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CAHSEE website at cahsee.cde.ca.gov/.

Note: No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students' privacy. Such cases are indicated by an asterisk (*). Data on students receiving migrant education services are not available.

CAHSEE Results for All Grade 10 Students by Performance Level: Three-Year Comparison

This table displays the percentage of grade 10 students achieving at the Proficient or Advanced level in English–language arts and mathematics.

Subject	School			District			State		
	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12
English–Language Arts	66.0	70.0	72.0	53	60	57	54	59	56
Mathematics	74.0	72.0	79.0	56	59	61	54	56	58

* = 10 or fewer students tested; — = no data available for this field.

2011–12 CAHSEE Results by Grade 10 Student Group

This table displays the percentage of grade 10 students, by student group, who achieved each performance level in ELA and mathematics for the most recent (2011–12) CAHSEE testing period.

Group	English–Language Arts			Mathematics		
	Not Proficient	Proficient	Advanced	Not Proficient	Proficient	Advanced
All Students	28.0	27.0	45.0	21.0	40.0	39.0
African American	27.0	42.0	31.0	41.0	39.0	20.0
Asian	28.0	29.0	44.0	10.0	39.0	51.0
Filipino	21.0	27.0	52.0	12.0	47.0	41.0
Hispanic	41.0	24.0	35.0	38.0	36.0	26.0
Indochinese	—	—	—	—	—	—
Native American	—	—	—	—	—	—
Pacific Islander	25.0	27.0	48.0	17.0	42.0	41.0
White (not Hispanic)	21.0	23.0	56.0	17.0	31.0	52.0
Two or More Races	34.0	27.0	39.0	19.0	38.0	43.0
Male	21.0	27.0	51.0	23.0	43.0	34.0

Economically Disadvantaged	83.0	15.0	2.0	49.0	43.0	8.0
English Learners	37.0	26.0	38.0	26.0	42.0	31.0
Students with Disabilities	—	—	—	—	—	—
District Totals	43	25	33	24	39	37

* = 10 or fewer students tested; — = no data available for this field.

California Physical Fitness Test Results (2011–12)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percentage of students tested who met the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the CDE website at www.cde.ca.gov/ta/tg/pf/.

Note: No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students' privacy. Such cases are indicated by an asterisk (*). Data on students receiving migrant education services are not available.

Grade Level	Percentage of Students Tested Who Met Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
9	20.1	20.2	46

* = 10 or fewer students tested; — = no data available for this field.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API website at www.cde.ca.gov/ta/ac/ap/.

API Ranks: Three-Year Comparison

This table displays the school's statewide and similar-schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state, while a statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state. The similar-schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar-schools rank of 1 means that the school's academic performance is in the lowest 10 percent of the 100 similar schools, while a similar-schools rank of 10 means that the school's academic performance is in the highest 10 percent of the 100 similar schools.

API Rank	2009	2010	2011
Statewide	8	9	9
Similar Schools	9	9	9

API Changes by Student Group: Three-Year Comparison

This table displays, by student group, the actual API changes (growth) in points added or lost for the past three years, and the most recent API score (growth).

Note: A dash (—) means that the student group is not numerically significant for the years shown, "B" means the school did not have a valid 2011 API Base and therefore will not have any growth or target information, and "C" means the school had significant demographic changes and will not have any growth or target information.

Student Group	Actual API Change		
	2009–10	2010–11	2011–12
All Students at the School	21	22	17
African American	52	12	36
Asian	17	14	-10
Filipino	25	20	16
Hispanic	27	30	30
Native American	—	—	—
Pacific Islander	—	—	—
White (not Hispanic)	7	30	17
Two or More Races	—	—	—
Socioeconomically Disadvantaged	28	26	19
English Learners	35	45	9
Students with Disabilities	33	-15	50

2012 API Growth Comparison by Student Group

This table displays, by student group, the number of students included in the API and the 2012 Growth API scores at the school, district, and state levels.

Note: A dash (—) means that the student group is not numerically significant, "B" means the school did not have a valid 2011 API Base and therefore will not have any 2012 growth or target information, and "C" means the school had significant demographic changes and will not have any growth or target information.

Student Group	2012 Growth API					
	School		District		State	
	Number of Students	API Score	Number of Students	API Score	Number of Students	API Score
All Students at the School	1868	861	79,205	808	4,664,264	788
African American	120	817	7,725	739	313,201	710
Asian	371	884	7,418	881	404,670	905
Filipino	521	874	5,060	870	124,824	869
Hispanic	388	807	35,701	746	2,425,230	740
Native American	3	—	221	812	31,606	742
Pacific Islander	21	878	519	786	26,563	775
White (not Hispanic)	313	884	18,673	898	1,221,860	853
Two or More Races	130	882	3,800	878	88,428	849
Socioeconomically Disadvantaged	880	831	50,699	756	2,779,680	737
English Learners	341	753	29,484	728	1,530,297	716
Students with Disabilities	178	699	9,587	627	530,935	607

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state’s standards-based assessments in English–language arts (ELA) and mathematics
- Percent proficient on the state’s standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP website www.cde.ca.gov/ta/ac/ay/.

AYP Overall and by Criteria (2011–12)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate—English–Language Arts	Yes	Yes
Participation Rate—Mathematics	Yes	Yes
Percentage Proficient—English–Language Arts	No	No
Percentage Proficient—Mathematics	Yes	No
Met API Criteria	Yes	Yes
Met Graduation Rate	Yes	Yes

Federal Intervention Program (2011–12)

Schools that receive funding from the federal government under Title I must enter federal Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE website at www.cde.ca.gov/ta/ac/ay/.

Indicator	School	District
Program Improvement Status	In PI	In PI
First Year of Program Improvement	2012–13	2009–10
Year in Program Improvement		3
Number of Schools Currently in Program Improvement*		130
Percentage of Schools Currently in Program Improvement*		58.3

* Includes charter schools

School Completion and Postsecondary Preparation (Secondary Schools)

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for university-level work. For general admissions requirements, please visit the University of California website at: admission.universityofcalifornia.edu/index.html.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University website at www.calstate.edu/admission/admission.shtml.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the *DataQuest* website at <http://dq.cde.ca.gov/dataquest/>.

Indicator	School			District			State		
	2008–09	2009–10	2010–11	2008–09	2009–10	2010–11	2008–09	2009–10	2010–11
Dropout Rate (one-year)		0.3	0.3		8.3	5.8		16.6	14.4
Graduation Rate		96.5	96.4		82.2	85.5		74.8	76.3

Completion of High School Graduation Requirements

Since the graduating class of 2007, students in California public schools have been required to pass both the English–language arts and mathematics portions of the California High School Exit Exam (CAHSEE) to receive a high school diploma. This table displays, by student group, the percentage of students who began the 2011–12 school year in grade 12 who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CDE website at www.cde.ca.gov/ta/tg/hs/.

Note: An asterisk (*) means that the student group is not numerically significant. A dash (—) means that data are not available for this measure. Percentages may be greater than 100 due to changes in enrollment between the beginning of school and graduation.

Group	Graduating Class of 2012		
	School	District	State
All Students	95.1	86.4	
African American	97.3	81.5	
Asian	95.0	91.4	
Filipino	98.1	92.8	
Hispanic	96.3	82.7	
Indochinese	95.1	89.6	
Native American	*	96.8	
Pacific Islander	*	100.0	
White (not Hispanic)	89.5	90.2	
Two or More Races	90.3	92.3	
Socioeconomically Disadvantaged	94.2	87.2	
English Learners	40.0	25.5	
Students with Disabilities	70.8	37.2	

Career Technical Education Programs (2011–12)

Career Technical Education (CTE) in the San Diego Unified School District is a program of study involving a sequence of courses that integrates core academic knowledge with technical skills. The program provides students with multiple pathways to college and careers. Students complete a career pathway, which includes: (a) two or more CTE courses in a single, defined field of study, (b) passing of the pre- and co-requisites CTE and core curriculum courses, and (c) passing of at least one CTE advanced-level course, which may be funded through the Regional Occupational Programs. The career pathways are organized within the context of the state-defined 15 different industry sectors, which have been identified as critical for the fiscal stability and prosperity of the State of California. Student internships are a required component of the advanced-level CTE course curriculum. CTE programs of study often fulfill the “a–g” subject-area requirements of the University of California and the California State University and may lead to community college credit, an industry-recognized credential, a certificate, or a degree at the postsecondary level.

Mira Mesa High School offers CET programs in the following industry sectors:

- Arts, Media, and Entertainment
- Education, Child Development, and Family Services
- Engineering and Design
- Hospitality, Tourism, and Recreation

Career Technical Education Participation (2011–12)

Data reported in the following table are intended to measure the performance of the school’s career technical education (CTE) programs.

“Number of pupils” is the total number of students in all grades at the school who took at least one CTE course during the most recent completed school year.

“Pupils earning a high school diploma who also completed a CTE program” is the number of students who earned a high school diploma during the most recently completed school year *and* who completed a CTE program at some time during their high school career, divided by the total number of students who earned a high school diploma during the most recently completed school year.

“CTE courses sequenced between the school and postsecondary institutions” is the number of CTE courses the school offers that are linked (through formal articulation agreements) to courses or programs offered by colleges, universities, or other institutions of postsecondary education, divided by the total number of all CTE courses offered by the school. Such articulation provides high school students the opportunity to transfer smoothly into postsecondary education and training programs without experiencing delay or duplication of learning.

Measure	CTE Program Participation
Number of pupils participating in CTE	
Pupils earning a high school diploma who also completed a CTE program (%)	
CTE courses sequenced between the school and postsecondary institutions (%)	

Courses for University of California and/or California State University Admission (2011–12)

This table displays, for the most recent year for which data are available, two measures related to the school’s courses that are required for UC and/or CSU admission. Detailed information about student enrollment in and completion of courses required for UC/CSU admission can be found at dq.cde.ca.gov/dataquest/.

Measure	Courses Required for UC/CSU Admission
Percentage of Students Enrolled in Courses	74
Percentage of Graduates Who Completed All Courses	54

Advanced Placement Courses (2011–12)

This table displays for the most recent year the number of Advanced Placement (AP) courses that the school offered, by subject, and the percentage of the school’s students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found at the CDE website at dq.cde.ca.gov/dataquest/.

Subject	Number of AP Courses Offered	Percentage of Students in AP Courses
Computer Science	0	
English	2	
History–Social Science	4	
Mathematics	2	
Science	2	
Visual and Performing Arts	4	
World Languages	7	
Total	21	14
