

# School Accountability Report Card

Issued Spring 2013 for Academic Year 2011-12

## What Is a School Accountability Report Card?

Since November 1988, state law has required all public schools to prepare and distribute annually a School Accountability Report Card (SARC).

The purpose of the report card is to provide parents and the community with important information about the performance and condition of each California public school. The SARC can also be an effective way for a school to report the progress it has made toward achieving its goals. In addition, the public may use the SARC to evaluate and compare schools throughout the state on a variety of indicators.

More information about the requirements for the SARC is available on the state's SARC website:

[www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

Additional copies of this SARC may be obtained from the school office or from the district's SARC website:

[www.sandi.net/page/1598](http://www.sandi.net/page/1598)

Barbara Samilson, Principal

## School Description and Mission Statement

Point Loma High School (PLHS) enjoys an 87 year tradition of excellence in academics, athletics, and community involvement. The mission of PLHS is to provide students with a comprehensive, rigorous education in a nurturing environment and to motivate them to fulfill their academic, athletic, and personal potential in preparation for college. Our varied elective program, award-winning musical program, video production program, outstanding athletic teams, and student-driven club involvement provide opportunities that connect students to school and create a well-rounded education. Students are encouraged to participate in the community through volunteer service, community-based clubs, and sports to promote the connection between the high school and the community. Parents and neighbors have multiple opportunities to interact with staff and students on campus through many diverse programs and events, as well. PLHS continues to be the academic beacon that offers "educational excellence in the heart of our community."

## Opportunities for Parent Involvement

We are committed to communicating with and engaging parents as partners in their children's education. The district's Parent Outreach and Engagement Department serves as a national model in providing opportunities and effective methods for parents, guardians, and family members to participate in the educational process. We are also committed to obtaining community resources for our school and invite all members of our community to assist us in the education of our students. Parents have many opportunities to be involved at their children's school site (for example, governance committees, special events, fundraising events, parent organizations, and in classrooms) and at the district level (for example, district councils/committees, Parent University, and special events). We encourage parents to support their children at home by making their expectations about school clear and creating a positive homework and learning environment.

Parent, alumni, and community involvement is extremely high at Point Loma High School. Some of our active organizations include the Pointer Association (formerly the Parent Teacher Student Association, Point Loma High School Foundation, and Alumni Association), Instructional Governance Council, School Site Council, Point Loma Cluster Schools, and several Partnerships in Education alliances.

If you want to get involved, please contact Kevin Gormly at (619) 223-3121, ext. 1103.

## Data and Access

Most of the data in this SARC are from the 2011–12 school year or the two preceding years (2009–10 and 2010–11). Graduation, dropout, and fiscal data are from 2010–11. When no year is specified, data are from the most recent year available.

Data included in this SARC are consistent with State Board of Education guidelines, available at the California Department of Education website: [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/).

### Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California’s public K–12 school districts and schools.

### DataQuest

*DataQuest* is an on-line data tool ([dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/)) that contains additional information about this school and comparisons of the school to the district, the county, and the state. *DataQuest* is a dynamic system that provides reports for accountability, test results, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## About This School

### Student Enrollment by Grade Level

Grade Level	Enrollment on October 5, 2011
9	561
10	527
11	487
12	413
<b>TOTAL</b>	<b>1,988</b>

### Student Enrollment by Group (2011–12)

Student Group	Number of Students	Percentage of Enrollment
African American	141	7.1
Asian	24	1.2
Filipino	27	1.4
Hispanic	785	39.5
Indochinese	9	0.5
Native American	16	0.8
Pacific Islander	10	0.5
White (Not Hispanic)	950	47.8
Two or More Races	26	1.3
Socioeconomically Disadvantaged	877	44.1
English Learners	153	7.7
Students with Disabilities	206	10.4

### Average Class Size and Class Size Distribution (Secondary)

This table displays the average class size for each subject area and the number of classrooms that fall into each class size category.

Subject	2009–10				2010–11				2011–12			
	Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms		
		1–22	23–32	33+		1–22	23–32	33+		1–22	23–32	33+
English	29	11	31	33	28	10	23	28	24	17	28	9
Mathematics	32	4	22	40	30	5	40	17	29	9	19	25
Science	31	4	22	31	31	3	25	25	31	5	19	26
History–Social Science	33	5	14	35	31	2	11	18	30	4	9	16

## School Climate

### School Safety Plan (2011–12)

Last Review/Update: September 2012

Last Discussed with Staff: September 2012

Each school has a Crisis Response Box that includes its state-mandated comprehensive school safety plan. This plan meets the state requirements described in California Education Code Sections 35294–35297. The safety plan includes disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual harassment policy, child abuse reporting procedures, school dress codes, and school discipline policies.

Adult supervision is provided in the classrooms and outside areas before and after school, during recess and lunch, and during passing time between classes. Under the direction of the principal or site administrator, school staff members implement specific school-building security procedures. In addition, district offices support schools by reviewing and disseminating safety requirements and information, coordinating safety-related services, and providing safety training and assistance.

### Suspensions and Expulsions

The following table shows the numbers and rates of suspensions and expulsions. Rates per 100 students are the total number of incidents divided by the school's enrollment for the given year, multiplied by 100. The district comparison rates are the expected rates for the school's enrollment and grade-level composition, based on actual districtwide rates. Because suspension and expulsion rates vary greatly by grade level, and since any given two schools are not likely to have identical enrollment numbers per grade, schools will have different district comparison rates.

Type of Action		2009–10		2010–11		2011–12	
		School	District	School	District	School	District
Suspensions	Number	215	13,199	129	12,693	100	10,362
	Rate per 100 students	10.17	11.48	6.28	10.92	5.03	9.58
Expulsions	Number	6	260	5	210	0	205
	Rate per 100 students	0.28	0.29	0.24	0.26	0.00	0.22

## School Facilities

### School Facility Conditions and Improvements (2012–13)

Point Loma High School has received upgrades thanks to Proposition S, including a new classroom building that houses six history classrooms, a state-of-the-art athletic training facility, and a sports medicine classroom. In the spring of 2011, we opened our new weight training and fitness facility located next the bleachers in the stadium. A brand new turf field was installed in Pete Ross Stadium during the summer of 2012.

In the fall of 2012, our newly renovated 900 building re-opened. It houses our new music center as well as our Motion Pictures Industries program, which includes a video-editing classroom, a sound recording studio, and a movie screening room.

A new concession stand and restroom facility is currently under construction behind the stadium bleachers and is scheduled to open in May of 2012.

### School Facility Good-Repair Status (2012–13)

This table displays the results of the most recently completed school-site inspection to determine the facility's good-repair status.

Inspection Date:

Item Inspected	Repair Status*				Repair Needed and Action Taken or Planned
	E	G	F	P	
<b>Systems:</b> Gas, mechanical, sewer					<b>Facilities inspections are ongoing throughout the school year. This table will be updated when inspection results become available.</b>
<b>Interior:</b> Interior surfaces					
<b>Cleanliness:</b> Overall, pest/vermin					
<b>Electrical:</b> Interior/exterior					
<b>Restrooms/fountains</b>					
<b>Safety:</b> Fire safety/hazardous materials					
<b>Structural:</b> Damage, roofs					
<b>External:</b> Playground, gates, fences					
<b>Overall Rating</b>					

\* Repair Status: E = exemplary, G = good, F = fair, P = poor

## Teachers

### Teacher Credentials

This table displays the number of teachers assigned to the school who are fully credentialed, who are working without a full credential, and who are credentialed but teaching outside of their subject area of competence. District totals do not include charter schools. Detailed information about teachers' qualifications can be found on the CDE *DataQuest* website at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/).

Number of Teachers	School			District
	2009–10	2010–11	2011–12	2011–12
Full credential and teaching in subject area	75	92		
Full credential but teaching outside subject area	11	0		
Without full credential	3	5		
<b>Total</b>	<b>89</b>	<b>97</b>		

### Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (long-term vacancies for which there was no teacher assigned by the twentieth school day of each semester). Total teacher misassignments includes the number of misassignments of teachers of English learners. For 2012–13, the most current data are reported.

Indicator	2010–11		2011–12		2012–13	
	Smstr 1	Smstr 2	Smstr 1	Smstr 2	Smstr 1	Smstr 2
Misassignments of Teachers of English Learners	0	0	0	0	0	N/A
Total Teacher Misassignments	0	0	0	0	0	N/A
Vacant Teacher Positions	0	0	0	0	0	N/A

### Core Academic Courses Taught by Teachers in Compliance with the No Child Left Behind Act (2011–12)

The No Child Left Behind (NCLB) Act requires all teachers of core academic subjects to be “highly qualified.” In general, NCLB requires that each teacher must have: (1) a bachelor’s degree, (2) a state credential (or an Intern Certificate/Credential for no more than three years), and (3) demonstrated subject-matter competence for each core subject he or she will teach.

This table displays the percentage of classes in core academic subjects taught by teachers who are compliant with NCLB at this school, at all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. (High-poverty schools are defined as those with student eligibility rates of approximately 40 percent or higher in the free and reduced-price meals program. Low-poverty schools are defined as those with student eligibility rates of 25 percent or lower in the program.) More information on teacher qualifications required under NCLB can be found at the CDE website at [www.cde.ca.gov/nclb/sr/tq/](http://www.cde.ca.gov/nclb/sr/tq/).

Location of Classes	Percentage of Classes in Core Academic Subjects	
	Taught by NCLB-Compliant Teachers	Taught by Non-NCLB-Compliant Teachers
This School		
All Schools in District		
High-Poverty Schools in District		
Low-Poverty Schools in District		

## Support Staff

### Academic Counselors and Other Support Staff Members (2011–12)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff members who are assigned to the school. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. The table also displays the average number of students for each academic counselor.

Position	Number of FTE Assigned to the School	Average Number of Students per Academic Counselor
Academic Counselor	5.0	397.60
Counselor (Social/Behavioral or Career Development)	1.0	
Library Media Teacher (Librarian)	0.5	
Library Media Services Staff (Paraprofessional)	1.0	
Psychologist	2.0	
Social Worker	1.0	
Nurse	0.0	
Speech/Language/Hearing Specialist	1.0	
Resource Specialist (Non-Teaching)	0.0	
Other	0.0	

## Curriculum and Instructional Materials

### Quality, Currency, and Availability of Textbooks and Instructional Materials (2012–13)

The district adopts textbooks and instructional materials based on the implementation cycle established by the state. It provides a sufficient number of standards-aligned textbooks and other instructional materials for all students in the subject areas of English language arts, health, history–social science, mathematics, science, and world languages. Science laboratory equipment is available to students enrolled in laboratory science courses in grades 9–12. The following table displays information about the availability of the standards-aligned textbooks and other instructional materials used at the school. These data were collected on October 29, 2012.

Core Curriculum Area	Percentage of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials	Are These Textbooks and Instructional Materials from the Most Recent Adoption?
English Language Arts	0	Yes
Health	0	Yes
History–Social Science	0	Yes
Mathematics	0	Yes
Science	0	Yes
Science Laboratory Equipment (grades 9–12)	0	Yes
Visual and Performing Arts	0	Yes
World Language	0	Yes

### List of Textbooks and Instructional Materials Used in Core Subject Areas (2012–13)

All textbooks and instructional materials come from state or district lists. A list of all textbooks and instructional materials used in the school in the core subjects (English language arts, mathematics, science, and history-social science), may be found at the end of this document in the appendix entitled Adopted Texts and Instructional Materials. Descriptions of the district’s courses, including instructional materials, may be found in the *Course of Study, K–12*, revised annually and available on-line at [www.sandi.net/page/1605](http://www.sandi.net/page/1605).

## Instructional Planning and Scheduling

### Professional Development

The Instructional Support Services Department collaborates with other departments to provide teachers and administrators with ongoing professional development to improve teaching and learning in the areas of literacy, mathematics, science, history–social studies, visual and performing arts, physical education, health, educational technology, and gifted and talented education. Sessions offered at various times throughout the year focus on a wide variety of professional development aimed at strengthening pedagogy and content knowledge to meet the needs of all learners, with an emphasis on targeting the needs of our English language learners, Special Education students, and other struggling learners.

In addition to district-provided professional development, principals identify a schoolwide focus each year for professional development and also determine areas of individual need. Throughout the year, they conduct large- and small-group staff conferences and coach teachers at the school site to improve instructional practice. Staff release for professional development is organized in a variety of ways on a site-by-site basis throughout the year.

## School Finances

### Expenditures per Pupil and School-Site Teacher Salaries (Fiscal Year 2010–11)

This table displays this school’s expenditures per student from basic (unrestricted) sources, from any supplemental (restricted) sources, and its total per-pupil expenditures. The table also provides a comparison of the school’s per-pupil expenditures from basic sources with other schools in the district and throughout the state. Finally, it compares the average teacher salary at the school with average teacher salaries in the district and the state.

*Basic or unrestricted sources* are funds that, except for general guidelines, are not controlled by law or by a donor. *Supplemental or restricted sources* are funds whose use is controlled by law or by a donor. Money that is designated for specific purposes by the Board of Education is not considered restricted.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education and Per-pupil Spending webpage: [www.cde.ca.gov/ds/fd/ec/](http://www.cde.ca.gov/ds/fd/ec/). For information on teacher salaries for all districts in California, see the CDE Certificated Salaries and Benefits webpage: [www.cde.ca.gov/ds/fd/cs/](http://www.cde.ca.gov/ds/fd/cs/). To look up expenditures and salaries for a specific school district, see the Ed-Data website at: [www.ed-data.org](http://www.ed-data.org).

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$6,089	\$1,620	\$4,469	\$62,409
District			\$5,026	\$64,014
Difference: School Site and District (%)			-11.1	-2.5
State			\$5,455	\$68,835
Difference: School Site and State (%)			-18.1	-9.3

### Types of Services Funded (Fiscal Year 2011–12)

The district’s general fund includes monies for:

- General operations—salaries, benefits, services, materials, and support to the general education
- Special Education—programs offering appropriate, individualized instruction to students with special needs
- Special projects—monies from agencies (federal or state) earmarked for specific programs/projects or services
- Transportation
- Maintenance and operations
- District administration

Each school in the district receives an instructional budget based on enrollment, programs, and formulas set by Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding sources.

### Teacher and Administrative Salaries (Fiscal Year 2010–11)

This table displays district-level salary information for teachers, principals, and the superintendent, and compares these figures to the state averages for districts of the same type and size. The table also displays teachers and administrative salaries as a percentage of a district’s budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found at the CDE website at [www.cde.ca.gov/ds/fd/cs/](http://www.cde.ca.gov/ds/fd/cs/).

Position	District Amount	Statewide Average for Districts in Same Category
Beginning Teacher Salary	\$38,347	\$41,455
Mid-Range Teacher Salary	\$58,269	\$66,043
Highest Teacher Salary	\$78,416	\$85,397
Average Principal Salary (Elementary School Level)	\$105,878	\$106,714
Average Principal Salary (Middle School Level)	\$109,361	\$111,101
Average Principal Salary (High School Level)	\$115,766	\$121,754
Superintendent Salary	\$245,192	\$223,357
Percentage of Budget for Teachers’ Salaries	39%	39%
Percentage of Budget for Administrative Salaries	5%	5%

## Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CST), the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA).

The CSTs show how well students are doing in relation to the state's content standards. The CSTs include English–language arts (ELA) and mathematics in grades 2–11; science in grades 5, 8, and 9–11; and history–social science in grades 8 and 9–11.

The CMA is an alternate assessment based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards, with or without accommodations. The CMA includes ELA for grades 3–11; mathematics for grades 3–7, algebra I, and geometry; and science for grades 5, 8, and life science in grade 10.

The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CAPA includes ELA and mathematics in grades 2–11 and science in grades 5, 8, and 10.

General information about the STAR Program and detailed information regarding the STAR Program results for each grade and performance level, including the percentage of students not tested, may be found on the CDE's STAR results website: [star.cde.ca.gov](http://star.cde.ca.gov).

### STAR Program Results

STAR scores are ranked according to five “performance levels”: Advanced (exceeds state standards), Proficient (meets state standards), Basic (approaching state standards), Below Basic (below state standards), and Far Below Basic (well below state standards). Students scoring at the Proficient and Advanced levels have met state standards in that content area.

The following tables show, by subject area, the percentage of students in each grade who achieved the Proficient or Advanced levels (meeting or exceeding state standards) at the school, district, and state levels for the last three years. Statewide data are rounded to the nearest percentage point.

#### *STAR: English–Language Arts*

Grade Level	School			District			State		
	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12
9	65.8	70.8	75.8	57.2	58.3	60.1	54	55	57
10	52.2	63.0	65.7	47.4	50.2	54.1	45	48	50
11	54.2	52.5	63.0	44.8	48.9	50.1	43	45	54

#### *STAR: Mathematics*

Grade Level	School			District			State		
	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12
9	27.5	27.3	37.9	25.2	29.4	29.9	30	33	35
10	12.2	17.7	28.6	17.4	21.8	23.0	24	24	27
11	16.9	16.7	24.2	17.2	19.3	20.1	22	24	24

#### *STAR: Grade-Level Science*

Grade Level	School			District			State		
	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12
10	41.0	50.5	53.3	43.0	48.3	54.7	46	50	53

#### *STAR: End-of-Course Science*

Grade Level	School			District			State		
	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12
9	44.9	49.4	50.6	37.6	40.0	42.7	43	46	49
10	43.8	44.3	54.4	36.7	41.1	47.4	39	41	45
11	45.1	40.1	53.4	34.8	33.5	36.7	38	39	43

#### *STAR: History–Social Science*

Grade Level	School			District			State		
	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12
9	*	44.4	23.3	54.6	51.5	58.1	45	48	50
10	43.6	50.7	53.5	38.7	42.6	46.2	44	45	46
11	54.1	51.9	61.5	44.6	47.1	47.2	44	46	47

The following table shows the percentage of all students, at this school and in the district, who achieved the Proficient or Advanced levels (meeting or exceeding state standards) for the most recent STAR testing period (2011–12).

**2011–12 STAR: All Students**

Student Group	Percentage of Students Scoring at Proficient or Advanced Levels*				
	English–Language Arts	Mathematics	Grade-Level Science	End-of-Course Science	History–Social Science
All at this school	68.3	30.4	53.3	52.5	56.6
All in the district	60.4	50.9	42.4	63.9	50.2

The following tables show the percentage of students in various state-defined student groups who achieved the Proficient or Advanced levels (meeting or exceeding state standards) for the most recent STAR testing period (2011–12).

**Note:** No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students’ privacy. Such cases are indicated by an asterisk (\*). Data on students receiving migrant education services are not available.

**2011–12 STAR Student Groups: English–Language Arts**

Grade Level	Sex		English Learner?		Economically Disadvantaged?		Students with Disabilities?	
	Male	Female	Yes	No	Yes	No	Yes	No
9	70.3	81.3	12.1	80.6	62.5	84.3	18.2	80.1
10	58.1	73.8	0.0	69.3	51.3	76.4	19.4	69.2
11	63.7	62.3	3.1	67.5	49.3	74.5	12.5	66.8

\* = 10 or fewer students tested; — = no data available for this field.

**2011–12 STAR Student Groups: Mathematics**

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in English–language arts and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CAHSEE website at [cahsee.cde.ca.gov/](http://cahsee.cde.ca.gov/).

**Note:** No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students’ privacy. Such cases are indicated by an asterisk (\*). Data on students receiving migrant education services are not available.

CAHSEE Results for All Grade 10 Students by Performance Level: Three-Year Comparison

This table displays the percentage of grade 10 students achieving at the Proficient or Advanced level in English–language arts and mathematics.

Subject	School			District			State		
	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12	2009–10	2010–11	2011–12
English–Language Arts	61.0	74.0	71.0	53	60	57	54	59	56
Mathematics	57.0	72.0	71.0	56	59	61	54	56	58

\* = 10 or fewer students tested; — = no data available for this field.

## 2011–12 CAHSEE Results by Grade 10 Student Group

This table displays the percentage of grade 10 students, by student group, who achieved each performance level in ELA and mathematics for the most recent (2011–12) CAHSEE testing period.

Group	English–Language Arts			Mathematics		
	Not Proficient	Proficient	Advanced	Not Proficient	Proficient	Advanced
All Students	29.0	27.0	44.0	29.0	44.0	27.0
African American	38.0	25.0	38.0	38.0	53.0	9.0
Asian	—	—	—	—	—	—
Filipino	—	—	—	—	—	—
Hispanic	49.0	24.0	27.0	46.0	38.0	16.0
Indochinese	—	—	—	—	—	—
Native American	—	—	—	—	—	—
Pacific Islander	13.0	29.0	58.0	16.0	48.0	36.0
White (not Hispanic)	—	—	—	—	—	—
Two or More Races	36.0	27.0	37.0	32.0	39.0	29.0
Male	21.0	26.0	53.0	27.0	49.0	24.0
Female	82.0	13.0	5.0	68.0	27.0	5.0
Economically Disadvantaged	100.0	0.0	0.0	90.0	10.0	0.0
English Learners	45.0	29.0	25.0	44.0	44.0	13.0
Students with Disabilities	—	—	—	—	—	—
District Totals	43	25	33	24	39	37

\* = 10 or fewer students tested; — = no data available for this field.

## California Physical Fitness Test Results (2011–12)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percentage of students tested who met the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school’s test results to the district and state levels, may be found at the CDE website at [www.cde.ca.gov/ta/tg/pf/](http://www.cde.ca.gov/ta/tg/pf/).

**Note:** No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students’ privacy. Such cases are indicated by an asterisk (\*). Data on students receiving migrant education services are not available.

Grade Level	Percentage of Students Tested Who Met Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
9	14	19.7	45.4

\* = 10 or fewer students tested; — = no data available for this field.

# Accountability

## Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API website at [www.cde.ca.gov/ta/ac/ap/](http://www.cde.ca.gov/ta/ac/ap/).

### API Ranks: Three-Year Comparison

This table displays the school’s statewide and similar-schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state, while a statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state. The similar-schools API rank reflects how a school compares to 100 statistically matched “similar schools.” A similar-schools rank of 1 means that the school’s academic performance is in the lowest 10 percent of the 100 similar schools, while a similar-schools rank of 10 means that the school’s academic performance is in the highest 10 percent of the 100 similar schools.

API Rank	2009	2010	2011
Statewide	7	6	7
Similar Schools	5	3	5

### API Changes by Student Group: Three-Year Comparison

This table displays, by student group, the actual API changes (growth) in points added or lost for the past three years, and the most recent API score (growth).

**Note:** A dash (—) means that the student group is not numerically significant for the years shown, “B” means the school did not have a valid 2011 API Base and therefore will not have any growth or target information, and “C” means the school had significant demographic changes and will not have any growth or target information.

Student Group	Actual API Change		
	2009–10	2010–11	2011–12
All Students at the School	1	21	35
African American	—	-18	—
Asian	—	—	—
Filipino	—	—	—
Hispanic	-5	22	33
Native American	—	—	—
Pacific Islander	—	—	—
White (not Hispanic)	0	18	25
Two or More Races	—	—	—
Socioeconomically Disadvantaged	12	22	34
English Learners	-15	14	43
Students with Disabilities	-38	15	50

### 2012 API Growth Comparison by Student Group

This table displays, by student group, the number of students included in the API and the 2012 Growth API scores at the school, district, and state levels.

**Note:** A dash (—) means that the student group is not numerically significant, “B” means the school did not have a valid 2011 API Base and therefore will not have any 2012 growth or target information, and “C” means the school had significant demographic changes and will not have any growth or target information.

Student Group	2012 Growth API					
	School		District		State	
	Number of Students	API Score	Number of Students	API Score	Number of Students	API Score
All Students at the School	1365	812	79,205	808	4,664,264	788
African American	87	740	7,725	739	313,201	710
Asian	27	845	7,418	881	404,670	905
Filipino	16	830	5,060	870	124,824	869
Hispanic	524	746	35,701	746	2,425,230	740
Native American	10	—	221	812	31,606	742
Pacific Islander	7	—	519	786	26,563	775
White (not Hispanic)	682	869	18,673	898	1,221,860	853
Two or More Races	12	860	3,800	878	88,428	849
Socioeconomically Disadvantaged	580	749	50,699	756	2,779,680	737
English Learners	266	661	29,484	728	1,530,297	716
Students with Disabilities	132	609	9,587	627	530,935	607

### Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state’s standards-based assessments in English–language arts (ELA) and mathematics
- Percent proficient on the state’s standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP website [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

### AYP Overall and by Criteria (2011–12)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate—English—Language Arts	Yes	Yes
Participation Rate—Mathematics	Yes	Yes
Percentage Proficient—English—Language Arts	No	No
Percentage Proficient—Mathematics	No	No
Met API Criteria	Yes	Yes
Met Graduation Rate	Yes	Yes

### Federal Intervention Program (2011–12)

Schools that receive funding from the federal government under Title I must enter federal Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE website at [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

Indicator	School	District
Program Improvement Status	In PI	In PI
First Year of Program Improvement	2009–10	2009–10
Year in Program Improvement	2	3
Number of Schools Currently in Program Improvement*		130
Percentage of Schools Currently in Program Improvement*		58.3

\* Includes charter schools

## School Completion and Postsecondary Preparation (Secondary Schools)

### Admission Requirements for California Public Universities

#### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for university-level work. For general admissions requirements, please visit the University of California website at: [admission.universityofcalifornia.edu/index.html](http://admission.universityofcalifornia.edu/index.html).

#### California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University website at [www.calstate.edu/admission/admission.shtml](http://www.calstate.edu/admission/admission.shtml).

### Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the *DataQuest* website at <http://dq.cde.ca.gov/dataquest/>.

Indicator	School			District			State		
	2008–09	2009–10	2010–11	2008–09	2009–10	2010–11	2008–09	2009–10	2010–11
Dropout Rate (one-year)		0.6	0.5		8.3	5.8		16.6	14.4
Graduation Rate		92.2	93.8		82.2	85.5		74.8	76.3

## Completion of High School Graduation Requirements

Since the graduating class of 2007, students in California public schools have been required to pass both the English–language arts and mathematics portions of the California High School Exit Exam (CAHSEE) to receive a high school diploma. This table displays, by student group, the percentage of students who began the 2011–12 school year in grade 12 who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CDE website at [www.cde.ca.gov/ta/tg/hs/](http://www.cde.ca.gov/ta/tg/hs/).

**Note:** An asterisk (\*) means that the student group is not numerically significant. A dash (—) means that data are not available for this measure. Percentages may be greater than 100 due to changes in enrollment between the beginning of school and graduation.

Group	Graduating Class of 2012		
	School	District	State
All Students	98.7	86.4	
African American	100+	81.5	
Asian	*	91.4	
Filipino	*	92.8	
Hispanic	99.3	82.7	
Indochinese	*	89.6	
Native American	*	96.8	
Pacific Islander	*	100.0	
White (not Hispanic)	98.4	90.2	
Two or More Races	*	92.3	
Socioeconomically Disadvantaged	100+	87.2	
English Learners	31.2	25.5	
Students with Disabilities	80.4	37.2	

## Career Technical Education Programs (2011–12)

Career Technical Education (CTE) in the San Diego Unified School District is a program of study involving a sequence of courses that integrates core academic knowledge with technical skills. The program provides students with multiple pathways to college and careers. Students complete a career pathway, which includes: (a) two or more CTE courses in a single, defined field of study, (b) passing of the pre- and co-requisites CTE and core curriculum courses, and (c) passing of at least one CTE advanced-level course, which may be funded through the Regional Occupational Programs. The career pathways are organized within the context of the state-defined 15 different industry sectors, which have been identified as critical for the fiscal stability and prosperity of the State of California. Student internships are a required component of the advanced-level CTE course curriculum. CTE programs of study often fulfill the “a–g” subject-area requirements of the University of California and the California State University and may lead to community college credit, an industry-recognized credential, a certificate, or a degree at the postsecondary level.

Point Loma High School offers CTE programs in the following industry sectors:

- Arts, Media, and Entertainment
- Education, Child Development, and Family Services
- Health Science and Medical Technology
- Transportation

## Career Technical Education Participation (2011–12)

Data reported in the following table are intended to measure the performance of the school’s career technical education (CTE) programs.

“Number of pupils” is the total number of students in all grades at the school who took at least one CTE course during the most recently completed school year.

“Pupils earning a high school diploma who also completed a CTE program” is the number of students who earned a high school diploma during the most recently completed school year *and* who completed a CTE program at some time during their high school career, divided by the total number of students who earned a high school diploma during the most recently completed school year.

“CTE courses sequenced between the school and postsecondary institutions” is the number of CTE courses the school offers that are linked (through formal articulation agreements) to courses or programs offered by colleges, universities, or other institutions of postsecondary education, divided by the total number of all CTE courses offered by the school. Such articulation provides high school students the opportunity to transfer smoothly into postsecondary education and training programs without experiencing delay or duplication of learning.

Measure	CTE Program Participation
Number of pupils participating in CTE	
Pupils earning a high school diploma who also completed a CTE program (%)	
CTE courses sequenced between the school and postsecondary institutions (%)	

## Courses for University of California and/or California State University Admission (2011–12)

This table displays, for the most recent year for which data are available, two measures related to the school's courses that are required for UC and/or CSU admission. Detailed information about student enrollment in and completion of courses required for UC/CSU admission can be found at the CDE website at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/).

Measure	Courses Required for UC/CSU Admission
Percentage of Students Enrolled in Courses	52
Percentage of Graduates Who Completed All Courses	45

## Advanced Placement Courses (2011–12)

This table displays for the most recent year the number of Advanced Placement (AP) courses that the school offered, by subject, and the percentage of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found at the CDE website at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/).

Subject	Number of AP Courses Offered	Percentage of Students in AP Courses
Computer Science	0	
English	2	
History–Social Science	3	
Mathematics	2	
Science	1	
Visual and Performing Arts	4	
World Languages	5	
<b>Total</b>	<b>17</b>
