School Description

San Onofre School, located on Marine Corps Base Camp Pendleton, proudly educates a richly diverse population of military students in North San Diego County. Our students, parents, and staff have contributed to an environment of academic achievement, responsibility, teamwork, diversity, and respect. We educate the whole child by providing programs that infuse strong academics and intervention to assist students with social-emotional as well as academic needs. Increasing student achievement is critical at San Onofre. We offer a rigorous, academically rich core curriculum aligned with State standards. Our staff continuously works to assess student learning, analyze data, scaffold instruction, supplement curriculum, and provide interventions to ensure the academic success of our frequently transitioning student population. We prepare students for the 21st century and have technology readily available for all students. Each class is equipped with a teacher laptop, LCD projector, and a Document Camera. Technology is a way to incorporate diversified learning experiences at San Onofre School and we call it "TiDII" (Technology Integration Direct Interaction Instruction).

Mission Statement

At San Onofre School we focus on self-improvement through Learning, Problem Solving, and Respecting Each Other. This helps us lead our way into the future.

Vision Statement

San Onofre School will have a school environment that insures high academic achievement and self-worth for all kindergarten through eighth grade students. Every student will have an equal opportunity to maximize their learning potential through the core curriculum, support programs and enrichment activities. Students will be able to develop creativity and higher level thinking skills through an integrated curriculum that is differentiated for all students. Individual and group productivity and responsibility will be recognized and rewarded. San Onofre School staff will embody a sense of passion and focus of ensuring all students achieve high levels of learning aligned to the Common Core State Standards. The home, school, and community will be a strong and positive partnership that will work collaboratively to improve academic success and personal well-being for all students. To fulfill this goal, all individuals in the partnership will utilize open, constructive communication and will exercise a mutual sense of respect and support for each other.

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (760) 731-4360.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

Textbooks are recommended by District academic committees which have representation from all school sites. A public review of proposed adoptions is advertised, and community members are invited to participate in this process. All students are assigned adopted textbooks. Additionally, a classroom set and a home set are available for grades 7-8. In Fallbrook Union Elementary School District each pupil, including English learners, has access to his or her own copy of the Standards-aligned textbooks (approved by the State Board of Education) and instructional materials in the core curriculum areas of reading/language arts, math, science, and history-social science to use in class and to take home. All textbooks are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Visual and performing arts are taught to all students through integrated lesson plans during regular curriculum instruction.

School Facility Conditions and Planned Improvements (Most Recent Year)

San Onofre School has 44 classrooms as well as auxiliary rooms including a library, multipurpose room and cafeteria. All classrooms, library, offices and staff lounge have upgraded technology and internet access. The custodial staff has developed a cleaning schedule to ensure a neat and orderly campus. The district maintenance staff ensures that the maintenance necessary to keep the school in good repair is completed in a timely manner. A work order process is used to ensure services and emergency repairs are given high priority. A complete and thorough facility inspection is done annually to identify future areas to address and prioritize facility needs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

San Onofre School is committed to working with our parents to enrich the school experience for all students. We believe in providing parents and families with regular communication through our school website, weekly communication folders, "all calls," and our school newsletter. Our parent involvement opportunities are outlined annually in our site parent involvement policy. We welcome parents on our campus and annually offer a summer orientation, a Fall "Back To School Night" and a Spring "Open House." We offer a variety of parent volunteer opportunities at our site and each year we host a variety of parent/community events. We encourage our parents and community to become members of our PTA, and to participate on or attend school committee or council meetings, such as Gifted and Talented Education and School Site Council. For more information regarding parent involvement opportunities please contact the site administration.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Each Fallbrook Union Elementary School site completes a Comprehensive School Safety Plan (CSSP), including a disaster preparedness plan annually. Copies of the Comprehensive School Safety Plans are available for review at each school office. The plan includes emergency procedures for natural disasters and campus intruders. Students, teachers, and staff are trained to prepare for a wide range of emergency situations, and frequent drills help to refine emergency skills, policies, and procedures at all school sites. Also, following each drill specific and intentional feedback is sought from all participants, including law enforcement, to continually improve emergency procedures, and therefore improve campus safety.

Additionally, school administrators work closely with local law enforcement and/or the Provost Marshall's Office. They review site Comprehensive School Safety Plans annually, participate in emergency drills, provide feedback, attend site and district safety meetings, implement safety best practices, and collaboratively help to improve overall campus safety, climate, and security.

Finally, school and district administrators immediately investigate threats of harm. Teachers and administrators seek to foster lines of open communication so students and parents feel comfortable reporting inappropriate activity including bullying, harassment, or threats. All FUESD staff take a strong stand against threatening behavior or bullying, and investigate complaint matters fully. Many positive programs exist district-wide to enhance and continually improve school culture and climate.

Professional Development provided for Teachers at San Onofre School

FUESD provides research-based professional learning focused on planning and implementing a standards-based curriculum, instruction, and assessment. During the 2014-15 school year, all teachers continue to be supported in their effective implementation of the district's instructional framework, Direct Interactive Instruction (DII). The on-site instructional coach (TOSA) provides all teachers with model lessons and co-plan/co-teach opportunities. A major focus for this year is to provide all teachers in K-6 and mathematics teachers in Grades 7-8 with content based training and unit development in Mathematics through a partnership with the University of California, Irvine (UCI) Math Project. All teachers and classified staff have also been trained in the district's student and adult leadership initiative, The Leader in Me, based on Stephen Covey's work in developing the 7 Habits of Highly Effective People. Accelerating the Academic Achievement of English Language Learners continues to be a district priority; all teachers at Fallbrook Street, La Paloma, Live Oak, William H. Frazier, and Potter Jr. High have been trained, with beginning implementation at Mary Fay Pendleton and San Onofre Schools. The school's instructional coach provides model lessons and co-plan/co-teach opportunities following initial training. All teachers have attended content -based training in California Common Core State Standards Mathematics and English Language Arts, and are in the second year implementation of an on-line planning tool, The Synced Solution. Every school site also develops site-specific professional growth plans that are aligned with the FUESD Blueprint for Success. Each Wednesday is a shortened school day which is devoted to structured teacher collaboration and planning. When needed, staff members attend training outside of the district facilitated by highly trained and respected professional educators. During the 2014-15 school year staff attended professional development in the areas of Dual Language, integration of instructional technology, AVID, and the continued implementation of Professional Learning Communities. All teachers are required to attend a minimum of 30 hours of professional development each year. All principals have three days of individual leadership coaching and training; the district's TOSAs participate in a Coaches Cadre training once per month.
