

# School Accountability Report Card

Issued Spring 2011 for Academic Year 2009–10

## What Is a School Accountability Report Card?

Since November 1988, state law has required all public schools to prepare and distribute annually a School Accountability Report Card (SARC).

The purpose of the report card is to provide parents and the community with important information about the performance and condition of each California public school. The SARC can also be an effective way for a school to report the progress it has made toward achieving its goals. In addition, the public may use the SARC to evaluate and compare schools throughout the state on a variety of indicators.

More information about the requirements for the SARC is available on the state's SARC website:

[www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

Additional copies of this SARC may be obtained from the school office or from the district's SARC website:

[sandi.net](http://sandi.net) → Departments → Research & Reporting → SARC

Kurt Madden, Principal

## School Description and Mission Statement

Scripps Ranch High School (SRHS) is located in Scripps Ranch, a northern suburb of San Diego. The 32-acre campus is situated just east of Interstate 15 and north of the Marine Corps Air Station Miramar. The Mira Mesa/Scripps Ranch area is a close-knit, involved community that places great value on strong academic standards. This socially and economically diverse community has homes ranging from single-family estates to established tract housing. SRHS receives students from two local middle schools (Wangenheim and Marshall) via five local elementary schools (Dingeman, Ellen Browning Scripps, Hage, Jerabek, and Miramar Ranch). In addition, approximately 500 students from 40 elementary schools attend SRHS through the district's Program Improvement School Choice Program, Voluntary Enrollment Exchange Program, and Open Enrollment Program, adding diversity to an already integrated school population.

SRHS has been recognized as a California State Distinguished School and a National Blue Ribbon School, received a six-year accreditation from the Western Association of Schools and Colleges (WASC), and received a medal in *U.S. News and World Report's* 2007 America's Best Schools rankings. Faculty and administration provide a challenging learning environment and consistently utilize current research and student data to improve programs and work toward student achievement.

Our mission is to prepare students for their future, including colleges and universities, military commitments, and/or careers. SRHS provides an environment that supports quality instructional programs driven by continuous improvement and innovation. These programs are measured by student progress and performance in an environment responsive to changing technologies. Parents, students, staff, and community are mutually responsible and accountable for success.

## Opportunities for Parent Involvement

We are committed to communicating with and engaging parents as partners in their children's education. The district has adopted *Parent Communications and Involvement Standards*, which clearly describe expectations for parent communications and involvement at the district, school, classroom, and home levels. We are also committed to obtaining community resources for our school and invite all members of our community to assist us in the education of our students. Parents have many opportunities to be involved at their children's school site (for example, governance committees, special events, fundraising events, parent organizations, and in classrooms) and at the district level (for example, district councils/committees, Parent University, and special events). We encourage parents to support their children at home by making their expectations about school clear and creating a positive homework and learning environment.

Parent and community involvement at SRHS includes the Governance and School Site Council Committees and the SRHS Foundation. Representatives are actively involved in program booster clubs and program advisory committees.

Please contact Shana Smith at [ssmith100@san.rr.com](mailto:ssmith100@san.rr.com) if you want to get involved.

## Data and Access

Most of the data in this SARC are from the 2009–10 school year or the two preceding years (2007–08 and 2008–09). Graduation, dropout, and fiscal data are from 2008–09. When no year is specified, data are from the most recent year available.

Data included in this SARC are consistent with State Board of Education guidelines, available at the California Department of Education website: [www.cde.ca.gov/ta/ac/sa/sarc0910.asp](http://www.cde.ca.gov/ta/ac/sa/sarc0910.asp).

### DataQuest

*DataQuest* is an on-line data tool (<http://dq.cde.ca.gov/dataquest/>) that contains additional information about this school and comparisons of the school to the district, the county, and the state. *DataQuest* is a dynamic system that provides reports for accountability, test results, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## About This School

### Student Enrollment by Grade Level

Grade Level	Enrollment on October 7, 2009
9	678
10	657
11	561
12	494
TOTAL	2,390

### Student Enrollment by Group (2009–10)

Student Group	Number of Students	Percentage of Enrollment
African American	162	6.8
Asian	222	9.3
Filipino	172	7.2
Hispanic	440	18.4
Indochinese	233	9.7
Native American	6	0.3
Pacific Islander	10	0.4
White (Not Hispanic)	1,101	46.1
Two or More Races	44	2.0
Socioeconomically Disadvantaged	516	21.6
English Learners	121	5.1
Students with Disabilities	144	6.0

### Average Class Size and Class Size Distribution (Secondary)

This table displays the average class size for each subject area and the number of classrooms that fall into each class size category.

Subject	2007–08				2008–09				2009–10			
	Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms			Avg. Class Size	Number of Classrooms		
		1–22	23–32	33+		1–22	23–32	33+		1–22	23–32	33+
English	24	37	24	36	24	50	16	32	33	3	20	51
Mathematics	30	12	19	40	30	10	24	34	33	2	26	42
Science	27	14	25	32	29	7	33	29	32	2	28	34
History–Social Studies	32	7	13	40	34	3	7	45	34	2	13	43

## School Climate

### School Safety Plan (2009–10)

Last Review/Update: October 2009

Last Discussed with Staff: October 2009

Each school has a Crisis Response Box that includes its state-mandated comprehensive school safety plan. This plan meets the state requirements described in California Education Code Sections 35294–35297. The safety plan includes disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual harassment policy, child abuse reporting procedures, school dress codes, and school discipline policies.

Adult supervision is provided in the classrooms and outside areas before and after school, during recess and lunch, and during passing time between classes. Under the direction of the principal or site administrator, school staff members implement specific school-building security procedures. In addition, district offices support schools by reviewing and disseminating safety requirements and information, coordinating safety-related services, and providing safety training and assistance.

We are without a full-time police officer; however, two campus security assistants keep the school grounds safe. Traffic before and after school is closely monitored.

All visitors during the school day must check in the main office and obtain a visitor’s badge to identify them while on campus. Visitors wishing to see a teacher should notify that teacher at least 24 hours prior to the meeting. Teachers must make arrangements to escort visitors while on campus. Visitors without appointments will be asked to make other arrangements.

### Suspensions and Expulsions

The following table shows the numbers and rates of suspensions and expulsions. Rates per 100 students are the total number of incidents divided by the school’s enrollment for the given year, multiplied by 100. The district comparison rates are the expected rates for the school’s enrollment and grade-level composition, based on actual districtwide rates. Because suspension and expulsion rates vary greatly by grade level, and since any given two schools are not likely to have identical enrollment numbers per grade, schools will have different district comparison rates.

Type of Action		2007–08		2008–09		2009–10	
		School	District	School	District	School	District
Suspensions	Number	206	12,848	207	12,832	140	13,199
	Rate per 100 students	9.05	10.33	8.90	10.30	5.86	11.39
Expulsions	Number	5	380	6	281	3	266
	Rate per 100 students	0.22	0.38	0.26	0.26	0.13	0.28

## School Facilities

### School Facility Conditions and Improvements (2010–11)

The school facility is 17 years old and continues to need ongoing maintenance. It is at maximum capacity and needs electrical and technological upgrades to support teaching and learning. School grounds, buildings, and restrooms are clean and in good repair. Restrooms and dining areas are cleaned daily. All restroom facilities are functional. All heating and ventilation systems are in good working order. The school uses the district work order system to initiate and follow up on repairs.

Our school has received upgrades thanks to Proposition MM, including the addition of two classroom buildings, repair and replacement of outdated electrical systems, upgraded fire alarms, upgraded intercom security system, installation of surveillance cameras, repair of asphalt, code compliance to meet federal and state safety regulations, and improved access for the physically disabled.

## School Facility Good-Repair Status (2010–11)

This table displays the results of the most recently completed school-site inspection to determine the facility’s good-repair status.

Inspection Date: 3/24/2011

Item Inspected	Repair Status*				Repair Needed and Action Taken or Planned
	E	G	F	P	
<b>Systems:</b> Gas, mechanical, sewer		✓			
<b>Interior:</b> Interior surfaces			✓		
<b>Cleanliness:</b> Overall, pest/vermin		✓			
<b>Electrical:</b> Interior/exterior			✓		
<b>Restrooms/fountains</b>		✓			
<b>Safety:</b> Fire safety/hazardous materials		✓			
<b>Structural:</b> Damage, roofs		✓			
<b>External:</b> Playground, gates, fences		✓			
<b>Overall Rating</b>		✓			

\* Repair Status: E = exemplary, G = good, F = fair, P = poor

## Teachers

### Teacher Credentials

This table displays the number of teachers assigned to the school who are fully credentialed, who are working without a full credential, and who are credentialed but teaching outside of their subject area of competence. District totals do not include charter schools. Detailed information about teachers’ qualifications can be found on the CDE *DataQuest* website at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/).

Number of Teachers	School			District
	2007–08	2008–09	2009–10	2009–10
Full credential and teaching in subject area	92	105	88	5951
Full credential but teaching outside subject area	1	3	3	334
Without full credential	1	0	1	98
<b>Total</b>	<b>94</b>	<b>108</b>	<b>92</b>	<b>6378</b>

### Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (long-term vacancies for which there was no teacher assigned by the twentieth school day of each semester). Total teacher misassignments includes the number of misassignments of teachers of English learners. For 2010–11, the most current data are reported.

Indicator	2008–09		2009–10		2010–11	
	Smstr 1	Smstr 2	Smstr 1	Smstr 2	Smstr 1	Smstr 2
Misassignments of Teachers of English Learners	0	0	0	0	0	N/A
Total Teacher Misassignments	0	0	0	0	0	N/A
Vacant Teacher Positions	0	0	0	0	7	N/A

### Core Academic Courses Taught by Teachers in Compliance with the No Child Left Behind Act (2009–10)

The No Child Left Behind (NCLB) Act required all teachers of core academic subjects to be “highly qualified” no later than the end of the 2007–08 school year. In general, NCLB requires that each teacher must have: (1) a bachelor’s degree, (2) a state credential (or an Intern Certificate/Credential for no more than three years), and (3) demonstrated subject-matter competence for each core subject he or she will teach.

This table displays the percentage of classes in core academic subjects taught by teachers who are compliant with NCLB at this school, at all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. (High-poverty schools are defined as those with student eligibility rates of approximately 25 percent or higher in the free and reduced-price meals program. Low-poverty schools are defined as those with student eligibility rates of 25 percent or lower in the program.) More information on teacher qualifications required under NCLB can be found at the CDE website at [www.cde.ca.gov/nclb/sr/tq/](http://www.cde.ca.gov/nclb/sr/tq/).

Location of Classes	Percentage of Classes in Core Academic Subjects	
	Taught by NCLB-Compliant Teachers	Taught by Non-NCLB-Compliant Teachers
This School	99.0	01.0
All Schools in District	99.4	0.6
High-Poverty Schools in District	99.1	0.9
Low-Poverty Schools in District	99.7	0.3

## Support Staff

### Academic Counselors and Other Support Staff (2009–10)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Position	Number of FTE Assigned to the School	Average Number of Students per Academic Counselor
Academic Counselor	6.0	398.33
Counselor (Social/Behavioral or Career Development)	1.0	
Teacher Librarian	1.0	
Library Services Staff (paraprofessional)	1.0	
Psychologist	0.0	
Social Worker	1.0	
Nurse	1.0	
Speech/Language/Hearing Specialist	0.0	
Vice Principals	3.0	
District, Life Skills & Voc Rehab Counselors	2.4	
Employer Outreach Specialist	0.5	
Other (Specify)	0.0	

## Curriculum and Instructional Materials

### Quality, Currency, and Availability of Textbooks and Instructional Materials (2010–11)

The district adopts textbooks and instructional materials based on the implementation cycle established by the state. It provides a sufficient number of standards-aligned textbooks and other instructional materials for all students in the subject areas of English language arts, health, history–social studies, mathematics, science, and world languages. Science laboratory equipment is available to students enrolled in laboratory science courses in grades 9–12. The following table displays information about the availability of the standards-aligned textbooks and other instructional materials used at the school.

Core Curriculum Area	Percentage of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials	Are These Textbooks and Instructional Materials from the Most Recent Adoption?
English Language Arts	0	Yes
Health	0	Yes
History–Social Studies	0	Yes
Mathematics	0	Yes
Science	0	Yes
Science Laboratory Equipment (grades 9–12)	0	Yes
Visual and Performing Arts	0	Yes
World Language	0	Yes

## List of Textbooks and Instructional Materials Used in Core Subject Areas (2010–11)

All textbooks and instructional materials come from state or district lists. A list of all textbooks and instructional materials used in the school in the core subjects (English language arts, mathematics, science, history-social science, health, and visual and performing arts), may be found at the end of this document in the appendix entitled Adopted Texts and Instructional Materials. Descriptions of the district’s courses, including instructional materials, may be found in the *Course of Study, K–12*, revised annually and available on-line at [www.sandi.net](http://www.sandi.net) → Departments → Accountability, Office of → Course Information.

## Instructional Planning and Scheduling

### Professional Development

Through the district’s educational strategies, the Instructional Support Services Division collaborates with other departments to provide teachers and administrators with ongoing professional development to improve teaching and learning in the areas of literacy, mathematics, science, history–social studies, visual and performing arts, physical education, health, educational technology, and gifted and talented education. Sessions focus on differentiating instruction to meet the needs of all learners and often target the needs of our English language learners, Special Education students, and other struggling learners. Each year, principals identify a focus for schoolwide professional development and determine areas of individual need. Throughout the year, principals conduct large- and small-group staff conferences and coach teachers at the school site to improve instructional practice.

Our professional development plan is aligned to our WASC action plan and the school’s Single Plan for Student Achievement (SPSA). During our monthly Instructional Leadership Team meetings, committee members review student performance data, school performance indicators, and collaborate on our professional development needs. Each department designs its professional development based on its needs and student performance data. Professional development is also designed to improve the curriculum, instructional strategies, assessment, and use of technology in all departments with an emphasis on improving student achievement and maintaining our “systems of interventions.” The principal attends monthly professional development programs provided by the district, serves as a mentor/coach for aspiring administrators, visits surrounding high performing schools, and serves as a WASC visiting committee member on an annual basis.

## School Finances

### Expenditures per Pupil and School Site Teacher Salaries (Fiscal Year 2008–09)

This table displays a comparison of the school’s per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures and teacher salaries can be found at the CDE website at [www.cde.ca.gov/ds/fd/ec/](http://www.cde.ca.gov/ds/fd/ec/) and [www.cde.ca.gov/ds/fd/cs/](http://www.cde.ca.gov/ds/fd/cs/).

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$5,696	\$796	\$4,900	\$67,460
District			\$5,262	\$64,318
Difference: School Site and District (%)			-6.9	4.9
State			\$5,681	\$68,179
Difference: School Site and State (%)			-13.7	-1.1

## Types of Services Funded (2009–10)

The district's general fund includes monies for:

- General operations—salaries, benefits, services, materials, and support to the general education
- Special Education—programs offering appropriate, individualized instruction to students with special needs
- Targeted Instructional Improvement Program—staff salaries, staff benefits, services, materials, and support for low-achieving students
- School-Based Coordinated Program—staff salaries, staff benefits, services, materials, and support for our lowest performing schools
- Gifted and Talented Education Program—specialized learning assistance for identified students of high ability, achievement, or potential
- Special projects—monies from agencies (federal or state) earmarked for specific programs/projects or services
- Transportation
- Maintenance and operations
- District administration

Each school in the district receives an instructional budget based on enrollment, programs, and formulas set by Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding sources.

## Teacher and Administrative Salaries (Fiscal Year 2008–09)

This table displays district-level salary information for teachers, principals, and the superintendent, and compares these figures to the state averages for districts of the same type and size. The table also displays teachers and administrative salaries as a percentage of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found at the CDE website at [www.cde.ca.gov/ds/fd/cs/](http://www.cde.ca.gov/ds/fd/cs/).

Position	District Amount	Statewide Average for Districts in Same Category
Beginning Teacher Salary	\$39,412	\$42,377
Mid-Range Teacher Salary	\$59,886	\$67,667
Highest Teacher Salary	\$80,592	\$87,102
Average Principal Salary (Elementary School Level)	\$108,779	\$108,894
Average Principal Salary (Middle School Level)	\$111,260	\$113,713
Average Principal Salary (High School Level)	\$119,354	\$124,531
Superintendent Salary	\$269,000	\$223,323
Percentage of Budget for Teachers' Salaries	39.6%	40.2%
Percentage of Budget for Administrative Salaries	5.2%	5.5%

## Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CST), the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA).

The CSTs show how well students are doing in relation to the state's content standards. The CSTs include English–language arts (ELA) and mathematics in grades 2–11; science in grades 5, 8, and 9–11; and history-social studies in grades 8, 10, and 11.

The CMA is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards, with or without accommodations. The CMA includes ELA for grades 3–8 and science for grade 5.

The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CAPA includes ELA and mathematics in grades 2–11 and science in grades 5, 8, and 10.

Detailed information regarding the STAR Program results for each grade and performance level, including the percentage of students not tested, may be found on the CDE's STAR results website: [star.cde.ca.gov](http://star.cde.ca.gov). General information about the STAR Program may be found in the "Explaining 2009 STAR Program Summary Results to the Public" guide: [www.cde.ca.gov/ta/tg/sr/documents/pkt5intrpts09.pdf](http://www.cde.ca.gov/ta/tg/sr/documents/pkt5intrpts09.pdf).

### STAR Program Results

STAR scores are ranked according to five "performance levels": Advanced (exceeds state standards), Proficient (meets state standards), Basic (approaching state standards), Below Basic (below state standards), and Far Below Basic (well below state standards). Students scoring at the Proficient and Advanced levels have met state standards in that content area.

The following tables show the percentage of students in each grade who achieved the Proficient or Advanced levels (meeting or exceeding state standards) at the school, district, and state levels for the last three years. Statewide data are rounded to the nearest percentage point.

*STAR: English–Language Arts*

Grade Level	School			District			State		
	2007–08	2008–09	2009–10	2007–08	2008–09	2009–10	2007–08	2008–09	2009–10
9	76.1	79.0	83.7	50.1	52.3	57.2	49	50	54
10	67.9	73.4	82.2	40.5	44.2	47.4	41	44	45

*STAR: End-of-Course Science*

Grade Level	School			District			State		
	2007–08	2008–09	2009–10	2007–08	2008–09	2009–10	2007–08	2008–09	2009–10
9	43.4	49.3	61.3	27.7	28.3	37.6	37	40	43
10	43.9	48.4	66.7	28.1	31.3	36.7	35	35	39
11	63.2	73.3	87.1	37.0	30.2	34.8	32	34	38

*STAR: History–Social Science*

Grade Level	School			District			State		
	2007–08	2008–09	2009–10	2007–08	2008–09	2009–10	2007–08	2008–09	2009–10
9	83.3	82.3	85.2	57.0	58.6	54.6	36	41	45
10	47.9	52.6	71.1	28.1	34.6	38.7	33	38	44
11	63.9	69.9	80.6	34.2	42.2	44.6	36	43	44

The following tables show the percentage of students in various state-defined student groups who achieved the Proficient or Advanced levels (meeting or exceeding state standards) for the most recent STAR testing period (2009–10).

**Note:** No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students’ privacy. Such cases are indicated by an asterisk (\*). Data on students receiving migrant education services are not available.

*2009–10 STAR Student Groups: English–Language Arts*

Grade Level	Gender		English Learner?		Economically Disadvantaged?		Students with Disabilities?	
	Male	Female	Yes	No	Yes	No	Yes	No

\* = 10 or fewer students tested; — = no data available for this field.

## California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in English–language arts and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CAHSEE website at [cahsee.cde.ca.gov/](http://cahsee.cde.ca.gov/).

**Note:** No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students' privacy. Such cases are indicated by an asterisk (\*). Data on students receiving migrant education services are not available.

### CAHSEE Results for All Grade 10 Students by Performance Level: Three-Year Comparison

This table displays the percentage of grade 10 students achieving at the Proficient or Advanced level in English–language arts and mathematics.

Subject	School			District			State		
	2007–08	2008–09	2009–10	2007–08	2008–09	2009–10	2007–08	2008–09	2009–10
English–Language Arts	78.1	78.1	81.2	52.2	51.0	54.1	52.9	52.0	54.0
Mathematics	77.3	77.3	83.5	49.2	55.5	56.7	51.3	53.3	53.4

\* = 10 or fewer students tested; — = no data available for this field.

### 2009–10 CAHSEE Results by Grade 10 Student Group

This table displays the percentage of grade 10 students, by student group, who achieved each performance level in ELA and mathematics for the most recent (2009–10) CAHSEE testing period.

Group	English–Language Arts			Mathematics		
	Not Proficient	Proficient	Advanced	Not Proficient	Proficient	Advanced
All Students	18.8	19.7	61.5	16.5	36.9	46.6
African American	62.5	21.9	15.6	37.5	37.5	25
American Indian	*	*	*	*	*	*
Asian	17.9	18.7	63.4	12.2	30.9	56.9
Filipino	5.4	21.6	73	8.1	40.5	51.4
Hispanic	31.2	22.4	46.4	31.2	46.4	22.4
Pacific Islander	*	*	*	*	*	*
White (not Hispanic)	11.2	17.8	71	10.1	34.6	55.2
Male	23.2	23.8	53	14.9	37.1	47.9
Female	14.2	15.5	70.3	18.2	36.6	45.2
Economically Disadvantaged	59.1	22.7	18.2	43.2	45.5	11.4
English Learners	63.5	24.3	12.2	44.6	41.9	13.5
Students with Disabilities	39.3	23.7	37	31.9	40	28.1

\* = 10 or fewer students tested; — = no data available for this field.

## California Physical Fitness Test Results (2009–10)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percentage of students tested who met the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found at the CDE website at [www.cde.ca.gov/ta/tg/pff/](http://www.cde.ca.gov/ta/tg/pff/).

**Note:** No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students' privacy. Such cases are indicated by an asterisk (\*). Data on students receiving migrant education services are not available.

Grade Level	Percentage of Students Tested Who Met Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
9	7.142	24.22	63.19

## National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (basic, proficient, and advanced). The participation of students with disabilities and English language learners is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress website at [nces.ed.gov/nationsreportcard/](http://nces.ed.gov/nationsreportcard/).

Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects statewide test results and is not reflective of either the district or this school. Comparisons of student performance on the NAEP and student performance on the STAR Program assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades 4, 8 and 12. (The NAEP assesses grades 9, 13, and 17 for long-term trends.) In addition, the NAEP only provides statewide test results for grades 4 and 8. The California Standards Tests (CST) are based on a different set of standards from those of the NAEP. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately, while the CSTs assess English-language arts as a whole, encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE's NAEP website at [www.cde.ca.gov/ta/tg/nr/](http://www.cde.ca.gov/ta/tg/nr/).

### National Assessment of Educational Progress Reading and Mathematics Results by Grade: All Students

This table displays the scale scores and achievement levels on the 2009 National Assessment of Educational Progress results for reading and mathematics for grades 4 and 8.

Subject and Grade Level	Average Scale Score			Statewide Percentage at Achievement Level		
	District	State	National	Basic	Proficient	Advanced
Reading, Grade 4	213	210	220	30	19	5
Reading, Grade 8	254	253	262	42	20	2
Mathematics, Grade 4	236	232	239	41	25	5
Mathematics, Grade 8	280	270	282	36	18	5

### National Assessment of Educational Progress Reading and Mathematics Results for Students with Disabilities and/or English Language Learners by Grade Level: All Students

This table displays the district, state, and national participation rates on the 2009 National Assessment of Educational Progress for reading and mathematics for students with disabilities and/or English language learners for grades 4 and 8.

Subject and Grade Level	Students with Disabilities Participation Rate (%)			English Language Learners Participation Rate (%)		
	District	State	National	District	State	National
Reading, Grade 4	73	73	71	94	95	84
Reading, Grade 8	80	81	72	95	95	83
Mathematics, Grade 4	77	79	84	96	96	94
Mathematics, Grade 8	61	85	78	93	96	92

## Accountability

### Academic Performance Index

The Academic Performance Index (API) is a measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API website at [www.cde.ca.gov/ta/ac/ap/](http://www.cde.ca.gov/ta/ac/ap/).

### API Ranks: Three-Year Comparison

This table displays the school's statewide and similar-schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state, while a statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state. The similar-schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar-schools rank of 1 means that the school's academic performance is in the lowest 10 percent of the 100 similar schools, while a similar-schools rank of 10 means that the school's academic performance is in the highest 10 percent of the 100 similar schools.

API Rank	2007	2008	2009
Statewide	9	9	9
Similar Schools	2	4	3

### API Changes by Student Group: Three-Year Comparison

This table displays, by student group, the actual API changes (growth) in points added or lost for the past three years, and the most recent API score (growth).

**Note:** A dash (—) means that the student group is not numerically significant for the years shown, "B" means the school did not have a valid 2009 API Base and will not have any growth or target information, and "C" means the school had significant demographic changes and will not have any growth or target information. Gray areas indicate measures for which no data were collected.

Student Group	Actual API Change		
	2007–08	2008–09	2009–10
All Students at the School	35	20	34
African American	80	—	—
American Indian or Alaska Native	—	—	—
Asian	34	6	30
Filipino	38	24	21
Hispanic	40	40	18
Pacific Islander	—	—	—
White (not Hispanic)	29	28	28
Socioeconomically Disadvantaged	71	15	55
English Learners	—	—	52
Students with Disabilities	92	-2	76

### 2010 API Growth Comparison by Student Group

This table displays, by student group, the 2010 Growth API at the school, district, and state levels.

**Note:** A dash (—) means that the student group is not numerically significant for the years shown, "B" means the school did not have a valid 2009 API Base and will not have any growth or target information, and "C" means the school had significant demographic changes and will not have any growth or target information. Gray areas indicate measures for which no data were collected.

Student Group	2010 Growth API		
	School	District	State
All Students at the School	875	785	767
African American	—	716	685
American Indian or Alaska Native	—	793	728
Asian	884	867	889
Filipino	872	856	851
Hispanic	730	720	715
Pacific Islander	—	771	754
White (not Hispanic)	878	878	838
Socioeconomically Disadvantaged	738	731	712
English Learners	667	702	691
Students with Disabilities	651	615	580

### Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP website [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

### AYP Overall and by Criteria (2009–10)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate—English—Language Arts	Yes	Yes
Participation Rate—Mathematics	Yes	Yes
Percentage Proficient—English—Language Arts	Yes	No
Percentage Proficient—Mathematics	Yes	No
API	Yes	Yes
Graduation Rate	Yes	n/a

### Federal Intervention Program (2010–11)

Schools that receive Title I funding must enter federal Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE website at [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

Indicator	School	District
Program Improvement Status	Not in PI	In PI
First Year of Program Improvement		2009–10
Year in Program Improvement		2
Number of Schools Currently in Program Improvement		82
Percentage of Schools Currently in Program Improvement		37.6

## School Completion and Postsecondary Preparation (Secondary Schools)

### Admission Requirements for California Public Universities

#### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for university-level work. For general admissions requirements, please visit the University of California website at [www.universityofcalifornia.edu/admissions/index.html](http://www.universityofcalifornia.edu/admissions/index.html).

#### California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University website at [www.calstate.edu/admission/admission.shtml](http://www.calstate.edu/admission/admission.shtml).

### Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the *DataQuest* website at <http://dq.cde.ca.gov/dataquest/>.

Indicator	School			District			State		
	2006–07	2007–08	2008–09	2006–07	2007–08	2008–09	2006–07	2007–08	2008–09
Dropout Rate (one-year)	1.2	0.6	0.1	4.5	2.3	2.3	4.4	3.9	5.7
Graduation Rate	93.4	94.3	93.9	78.8	84.3	85.4	79.5	80.2	78.6

## Completion of High School Graduation Requirements

Since the graduating class of 2007, students in California public schools have been required to pass both the English–language arts and mathematics portions of the California High School Exit Exam (CAHSEE) to receive a high school diploma. This table displays, by student group, the percentage of students who began the 2009–10 school year in grade 12 that met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CDE website at [www.cde.ca.gov/ta/tg/hs/](http://www.cde.ca.gov/ta/tg/hs/).

**Note:** An asterisk (\*) means that the student group is not numerically significant. A dash (—) means that data are not available for this measure. Percentages may be greater than 100 due to changes in enrollment between the beginning of school and graduation.

Group	Graduating Class of 2010		
	School	District	State
All Students	100.0	91.6	94.5
African American	96.7	88.1	89.7
American Indian or Alaska Native	100.0	88.6	95.3
Asian	100.0	97.7	97.4
Filipino	97.5	97.9	98.2
Hispanic or Latino	100.0	88.0	91.6
Pacific Islander	100.0	103.2	95.2
White (not Hispanic)	100.0	95.4	98.1
Two or More Races	107.0	99.0	—
Socioeconomically Disadvantaged	112.0	88.4	91.3
English Learners	73.3	51.1	98.5
Students with Disabilities	95.2	63.7	53.4

## Career Technical Education Programs (2009–10)

Career Technical Education (CTE) in the San Diego Unified School District is a program of study involving a sequence of courses that integrates core academic knowledge with technical skills. The program provides students with multiple pathways to college and careers. Students complete a *career pathway*, which includes foundation, intermediate, and capstone (Regional Occupational Program or ROP) courses in a single, defined field of study. The career pathways are organized around 15 different *industry sectors*, which have been identified as the growth industry sectors for the local economy. Students are encouraged to complete an internship in their chosen industry sector prior to completing their senior year. CTE programs of study often fulfill the “a–g” admission requirements of the University of California and the California State University and may lead to community college credit, an industry-recognized credential, a certificate, or a degree at the postsecondary level.

Scripps Ranch High School offers CTE programs in the following areas:

- Arts, Media, and Entertainment
- Business Management
- Computer Graphic Design and Screen Printing
- Culinary Arts
- Education, Child Development, and Family Services
- Green Technology

## Career Technical Education Participation (2009–10)

Data reported in the following table are intended to measure the performance of the school’s career technical education (CTE) programs.

“Number of pupils” is the total number of students in all grades at the school who took at least one CTE course during the most recently completed school year.

“Pupils earning a high school diploma who also completed a CTE program” is the number of students who earned a high school diploma during the most recently completed school year *and* who completed a CTE program at some time during their high school career, divided by the total number of students who earned a high school diploma during the most recently completed school year.

“CTE courses sequenced between the school and postsecondary institutions” is the number of CTE courses the school offers that are linked (through formal articulation agreements) to courses or programs offered by colleges, universities, or other institutions of postsecondary education, divided by the total number of all CTE courses offered by the school. Such articulation provides high school students the opportunity to transfer smoothly into postsecondary education and training programs without experiencing delay or duplication of learning.

Measure	CTE Program Participation
Number of pupils participating in CTE	918
Pupils earning a high school diploma who also completed a CTE program (%)	0
CTE courses sequenced between the school and postsecondary institutions (%)	0

## Courses for University of California and/or California State University Admission (2009–10)

This table displays, for the most recent year for which data are available, two measures related to the school's courses that are required for UC and/or CSU admission. Detailed information about student enrollment in and completion of courses required for UC/CSU admission can be found at the CDE website at [dg.cde.ca.gov/dataquest/](http://dg.cde.ca.gov/dataquest/).

Measure	Courses Required for UC/CSU Admission
Percentage of Students Enrolled in Courses	66
Percentage of Graduates Who Completed All Courses	71

## Advanced Placement Courses (2009–10)

This table displays for the most recent year the number of Advanced Placement (AP) courses that the school offered, by subject, and the percentage of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found at the CDE website at [dg.cde.ca.gov/dataquest/](http://dg.cde.ca.gov/dataquest/).

Subject	Number of AP Courses Offered	Percentage of Students in AP Courses
Computer Science	1	
English	2	
Visual and Performing Arts	1	
World Languages	2	
Mathematics	2	
Science	4	
History–Social Studies	4	
<b>Total</b>	<b>16</b>	

## Appendix: Adopted Texts and Instructional Materials

Subject Area	Grade Level	District Course (for secondary courses)	Instructional Material or Textbook	Copyright Date	Adoption Year
<b>High School Level</b>					
ELA	9	English 1,2	<i>Literature for California</i> , Grade 9, McDougal Littell	2008	2008–09
